## Kenya

**Date:** April 6-15

**Ministry Opportunity:**

We are partnering with Life In Abundance (LIA), a Christ-centered development organization operating in eight African countries. We will serve alongside LIA where God is already at work in Kisumu, Kenya. Our team will set up medical clinics in churches or at existing medical facilities and will provide medical services for folks that have limited or no access to health care. In addition, team members will minister to local fishermen and their families and will fellowship and share the Gospel with children and young adults participating in LIA's street children rehabilitation program.

Prayer needs: Please pray that hearts will be opened to hear and receive the good news in Kenya. Pray that God will use each one of us solely for His purpose and that we will be transformed as well. Pray that the bondage of extreme poverty will be broken and people will be restored with a new hope in Jesus Christ.

**Estimated Cost:**

\$2500

## Poland

**Date:** June 25 - July 12

### **Ministry Opportunity:**

Share the love of Christ with Polish children and give them an opportunity to receive His gift of salvation. We will teach teamwork through sports, self confidence through drama and music, and some basic English that will be needed in their future. We will be ministering to poor children, orphans, and local children of the community. We will have Bible studies, crafts, English classes, and sports. If you enjoy sharing Christ's love with children, laughter, and changing lives then this is the trip for you.
